BUELLTON SOLVANG

STORMWATER

What you can do

Never dump anything down the storm drains, gutters or in creeks and rivers

Pick up trash and place it in the trash or recycling bin

Direct downspouts away from pavement; install a rain barrel or rain garden to capture runoff

Sweep up leaves, landscaping waste and place in green waste bin

Follow manufacturer instructions when applying fertilizer, herbicides, and pesticides

Pick up after your dog and toss the waste in the trash

Use commercial car washes or wash your car on an unpaved surface

Repair auto or equipment leaks quickly

Schedule a bulk waste curbside collection or participate in a community clean-up day

Take unwanted chemicals to a local household hazardous waste collection event
